### Twickenham Riverside

I know that many of you have expressed very positive views about the Terrace Scheme also known as The Ken Hathaway Scheme.

The Society has raised a number of questions about the Council's role as landowner and planning authority and has sent a strongly worded paper to the Planning Department giving detailed objections to the planning application for the Dawney Day Scheme. The Planners are now discussing these issues with the developers and we await the outcome.

Depending on the next actions from the Council there may be a need for wider discussion for which an open meeting could be helpful.

### Learning and Skills Council Review

A Review of Sixth Form, Vocational and Adult Learning has been instigated by the Learning and Skills Council.

Discussions are still at an early stage but could have a significant effect on the use of the Richmond Tertiary College and Clifden sites in Twickenham. More will follow on this.

### AGM Report

We were very pleased to see Brian Parker at the AGM on Friday the 9th of November.

**Dr. Ian Horsbrugh** ( Principal of the Guidhall School of Music and Drama) gave a fascinating and inspiring talk entitled:

**"What hope for young musicians and actors?"**

Thankfully, he concluded that the future was full of promise.
